Coronavirus (COVID-19) Business Continuity Plan

As we continue to monitor the rapidly evolving situation around the coronavirus (COVID-19), our first thought is for the safety and well-being of all individuals and businesses impacted by these difficult circumstances.

Recently, New Jersey Gov. Philip Murphy issued an Executive Order today directing all New Jersey businesses to reduce their in-office workforce as much as possible. Therefore, we have implemented our business continuity plan, which is to have most staff work from the safety of their homes in order to minimize the chance of mass infection.

Our telephone system will continue be monitored throughout the duration. Email will be the most effective way to contact our office. Please email info@jcinsco.com with any questions or concerns.
